Honorarium Information Form

An honorarium is a form of gratitude shown toward an individual (non-MTU employee) of special achievement or reknown, in return for that individual's willingness to visit the University and participate in a University event of short duration (such as a speaker, etc). The recipient understands that the honorarium does not constitute compensation commensurate with the actual services provided. An honorarium is 1099 reportable, therefore payment of the honorarium requires the recipient's social security number. (Any compensation for MTU employees needs to be processed through payroll).

Last Name _____

First Name _____

Middle Initial _____ Social Security Number _____

U.S. Citizen/Resident Yes No

Mailing Address of Check

Home Address
(necessary for 1099 tax Purposes)

Describe reason for awarding an honorarium (including a detailed description of the event including date and location of event, service provided, etc.)
