Eligibility

All eligible student athletes at Michigan Technological University taking credit hours are required to purchase this insurance Plan, unless proof of comparable coverage is furnished.

Students must actively participate in the classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, Internet, and television (TV) courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the spouse or Domestic Partner and unmarried children under 19 years of age, or 23 years if a full-time student at an accredited institution of higher learning, who are not self-supporting. Dependent Eligibility expires concurrently with that of the Insured student. See the Definitions section of the Brochure for the specific requirements needed to meet Domestic Partner eligibility.

Alternative Coverage - If you do not meet the eligibility requirements of this policy, please call 1-800-980-7395 for information on alternative coverage. You may also access information on this plan, get premium quotes, and apply on-line at our website: <http://www.goldenrulehealth.com/studentresources>.

Effective and Termination Dates

The Master Policy becomes effective at 12:01 a.m., August 16, 2011. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 15, 2012. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One-Year Term Policy.

Extension of Benefits After Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.
