David Reed

Michigan Tech Entrepreneurial Support Corporation

Michigan Tech Entrepreneurial Support Corporation

- MTEESC will enhance opportunities for faculty, staff, and students to commercialize their discoveries.
- It will focus on an unaddressed link in the chain from invention to commercial enterprise, the activities between technology discovery and formation of a startup enterprise.

Michigan Tech Entrepreneurial Support Corporation

- MTEESC will be a 501 (c) (3) non-profit corporation and is expected to have one or more for-profit subsidiary corporations
- One of these will be an umbrella corporation, tentatively titled Superior Innovations, Inc.

Michigan Tech Entrepreneurial Support Corporation

- MTEESC will function as a proof-of-concept center to support technology commercialization from laboratory discovery to formation of a startup enterprise
- MTEESC is complimentary to, and not a replacement for, current economic development activities in the community.

Michigan Tech Entrepreneurial Support Corporation
